Learning Through Action Award

The Learning Through Action Award has been created to recognize registered student organizations and university programs or initiatives that excel in the use of experiential education in their events or activities. Experiential education is defined as a process through which a learner constructs knowledge, skill, and value from direct experience and reflection. Great nominations will illustrate the application of experiential learning to a specific event, program, and/or involvement with a registered student organization. Further, the nomination will highlight how this experience has made a measurable, positive impact on the GW community and student experience.

One registered student organization and one university program or initiative will receive the Learning Through Action Award. A university program or initiative could be any ongoing, recurring, or singular event, activity, or program offered by an administrative or academic department which is planned, implemented, and operated primarily by University staff.
